M-APPS CLUB

- We have uploaded 25 android applications on the Play Store and 2 applications on App Store, and we have a lot of applications in tow for uploading soon.
- A webpage is maintained that displays the club's ideals and the applications released through it.
- The application Animated videos for kids (<https://play.google.com/store/apps/details?id=com.story.admin.animatedvideostoriesforkidstamilenglish>) and meme creator (<https://play.google.com/store/apps/details?id=app.barath.meme>) has crossed over 1000 downloads and remain as the best-targeted app among other apps in our page.
- The applications Sink a ship (<https://play.google.com/store/apps/details?id=com.niveakalathi26>), Ball Paddle (<https://play.google.com/store/apps/details?id=com.artuno.ballpaddle>) and WordOlio (<https://play.google.com/store/apps/details?id=com.we4.wordolio>) have garnered about 100 downloads each.
- Almost all apps uploaded on the store maintain a rating of 4.85 (out of 5) and above.
- We have received around 200 ratings and reviews for all the apps together. The club has a lot of members from various departments in it, and we are constantly getting new applications from students.

- We have organized tutorials and workshops to help students from non IT departments so that they acquire required technical knowledge to implement their ideas.
- Beside mentoring by experts, the members are made to work on real time project. This promotes the hands-on and co-operative learning.
- We also conduct hackathon and workshop on regular basis to give opportunities to the student starting from first year.
- The main objective of the club is to act as the source of motivation to the student and to make members aware of the technology development.
